

Conveyors International form alliance with Easylink of Sweden

Conveyors International are continuously looking for ways to improve the service they are able to offer their customers and with this in mind they have broadened their already extensive product range by signing an agreement with Easylink of Sweden.

Easylink have many years of experience in the design and manufacture of Slat chain, Modular Belt and Roller conveyors that are ideally suited for moving products such as tins, bottles, boxes, parcels etc.

The modular systems can be manufactured from standard aluminium profiles or stainless steel to suit customers specific requirements. Easylink conveyors provide a versatile solution for numerous applications and conditions which require horizontal and vertical changes of height and direction.

The agreement with Easylink will strengthen Conveyors International's scope of supply options and supplement the existing comprehensive range of bends, spirals, merges, rollers and overhead conveyor systems.

Further information regarding Conveyors International systems, please call + 44 (0) 116 276 1691, email sales@conveyors.co.uk or www.conveyors.co.uk.
